

PhD Position, Graduate University Assistant for a 30 hour/week, 24-month position at the ITS-Chair Sustainable Transport Logistics 4.0 (must hold a Diploma/Master's degree)

At the Johannes Kepler University, Linz, Austria, we are looking for support for the FWF funded project "Interaction of Autonomous and Manually-Controlled Vehicles (IAMCV)"

<https://www.jku.at/en/intelligent-transport-systems/research/funded-research-projects/iamcv/>

Job Duties:

- Conduct research on topics pertaining to the interaction of autonomous vehicles with manually-driven vehicles and other road users at the Intelligent Transportation Systems-Chair Sustainable Transport Logistics 4.0.
- Present project findings to internal and external parties
- Publish academic/scientific findings
- Provide organizational support

Your Qualifications:

- The successful candidate must hold a Master's degree in computer science, data science, mechatronics, intelligent transportation systems, or a related field
- Interest in the field of human factors in intelligent vehicles
- Professional experience in acquiring and evaluating data
- Programming skills (C/C++/C#/Java/Python/ROS)
- Excellent command of English (spoken and written), German language skills

What We Offer:

- On the basis of 30 hours/week the minimum salary in accordance with the collective agreement is € 2,250 gross per month (14 x per year, CA Job Grade: B1/1)
- **The position enables pursuing an PhD degree**

Application Deadline: Mar 25 2022.

How to Apply:

Prospective applicants interested in the multifaceted position are requested to electronically send an application in adherence to the stated criteria together with the requested documentation via mail to Univ. Prof. Dr. Cristina Olaverri-Monreal cristina.olaverri-monreal@jku.at.
